

# MitreBond

## Product:

MitreBond Rapid Adhesive System

## Key Features:

MitreBond is the original and strongest quick setting adhesive on the market. No nails, no clamping, no waiting - no mess!

MitreBond has many uses and can be used to fix Bowed Upstands in place, UPVC window trims, Door trims, melamine end strips, skirting and architrave joints, architectural mouldings, Cornice and Pelmet and many more.

## Directions for Use:

MitreBond is an instant bonding low viscosity adhesive to give greater bond strength on porous surfaces. Apply one or two drops of adhesive onto one side of the joint and then spray MitreBond Activator on the other. Quickly bring the two sides into line and firmly press the joint together. Hold for 15 seconds and its complete.

## Consumer Benefits:

Materials MitreBond can be applied to:

- MDF
- Timber
- Glass
- Ceramics
- Aluminium
- Chipboard
- Perspex
- Steel
- Porcelain
- Some Plastics
